

Wild About STEAM!

Exhibitor Application

The purpose of this day is to allow zoo visitors to have hands-on exploration of STEAM activities and careers. We are hoping by hosting the event at the zoo and inviting students from Syracuse to attend that we will advance diversity, equity and inclusion in STEM by exposing and sharing the vast opportunities in the field. Visitors can meet with college and business representatives to discuss programs and explore passions through various activities. There will also be opportunities to meet with zoo representatives about careers and volunteering.
